Reducing Your Risk When Inspecting a Meth House

Eric Pessell is the Director of Barry-Eaton County Health Department and has had a great deal of experience dealing with Meth labs, meth labs in dwellings, and risks associated with them. Eric will share his experience and give our members a great deal of knowledge on what to look for, and how to protect ourselves from Meth. We look forward to his presentation.

Eric Pessell, REHS, Director
Environmental Health Division
Barry-Eaton District Health Department

3:15 PM-Dismissal, drive safe everyone.

It's very important that you get your seminar registration forms turned in by the deadline date. This past year has been a challenge for the Board dealing with the last minute registrations in regards to making sure that we have ordered enough food and other supplies necessary for the given seminar. If you don't believe that your municipality will be able to process your check and get it turned in on time, please fax your registration forms to the Registrar stating that the check is to follow. **Note: Annual Membership dues cost: \$30.00 and the Seminar cost is \$40.00**
